BATHROOM COLLECTION

January 2023

Bathrooms
to inspire

Exclusively
designed for
everyone

FIND YOUR OWN IDEA OF PERFECTION

*Whoever you are, wherever you live,
you deserve a beautiful bathroom.*

nuiebathrooms.com

We do bathrooms differently

Cosy Ensuites or Busy Family Bathrooms. Compact Cloakrooms or Spacious Wetrooms. We do bathrooms designed with you in mind.

We believe your bathroom is the most important room in your home. It's a space that is visited several times a day so it needs to be juuuuust right. And whether you want a quick update or a full renovation, we create and curate the latest in contemporary bathroom design to bring your dream bathroom to life. We want your bathroom to be your own personal haven; for rest and relaxation, for renewal and respite. And with the right fixtures, the right colours, the right layout and the right finishing touches — your bathroom will endure as the most loved room in your home for years to come!

So pull up a chair, make a brew and feel inspired by the latest nuie brochure where our bathrooms are exclusively designed for everyone.

Traditional

Curves /

Curated.
Modern.
Sanctuary.

*Bringing beautiful
contours into
your home.*

Soft curves and on trend
colours, you can create your
perfect bathroom with our
Lunar furniture collection.

Sleek.
Crafted.
Contours.

Fluted /

Stand out from the crowd with our sleek fluted collections.

Co-ordinate your wetroom and furniture designs with beautiful fluted curves, and create a sophisticated and inspiring look.

Fresh /

Vogue.
Clean.
Bold.

*Tasteful and
unique designs.*

Add your character to
your home and maintain
a sophisticated yet
bold aesthetic in your
bathroom by incorporating
framed wetrooms.

Clean.
Classical.
Timeless.

Classic /

*When traditional
meets contemporary.*

Our new traditional range offers
a classic twist, combining
distinctive door fascias with
modern satin colours.

Nature /

Natural.
Organic.
Colours.

Explore a nature-led colour palette. Greens, Pinks, Blues and Browns, there is a tone to suit any home.

Channel your inner calm by styling your bathroom with nature inspired colours and textures, and create a peaceful and relaxing sanctuary.

Visit nuiebathrooms.com to explore our complete Ceramics Collection and discover further product details.

Ceramics. Curves and angles – this is where you'll find just the right basin or pedestal, for you.

Our ceramics are expertly made and exclusively designed for everyone.

Visit nuiebathrooms.com to explore our complete Furniture Collection and discover further product details.

Furniture. Matt, satin, gloss or woodgrain – The best way to give your bathroom personality is with the right finish.

How to order Furniture

1. Choose Your Colour

Pick from a carefully curated range of colours and finishes.

2. Choose a Basin

Choose from ceramic or polymarble basins, available in multiple styles and designs.

3. Choose Your Units

Arrange your bathroom with either wall hung or floor standing units.

4. Choose Your Accessories

For additional storage and function add Tall Units, WCs, Mirror Units and Bath Panels.

5. Consider a Worktop and Vessel

See the component pages to build your own bespoke units with a worktop and vessel.

6. Choose Your Handles

Ranges come supplied with handles (where applicable), but add extra individuality with more choices on pages 90-91.

5 Year Guarantees
Unless otherwise stated.

Supplied Rigid
Pre-built units are quicker and easier to install.

Choosing Your Furniture
Our furniture is available as either complete units, with cabinet and basin, or as separate component parts. Create your own look by selecting each element separately from the options shown on the grey tinted component pages.

Made in Britain
Lots of our furniture is manufactured in the UK. Check our website for full product details.

Soft Close
As standard on all doors and drawers.

Eternalite

QUALITY FINISH GUARANTEED

NEW

Some of our nuie baths have a three layer Eternalite finish, able to withstand up to 2.5 tons, making them strong, rigid and more durable than a standard bath.

A Quality Finish Guaranteed

1st Layer
High gloss, smooth, sanitary-grade acrylic, which is warm to the touch. The solid colour will not fade or rub off over time.

2nd Layer
Fully encapsulated, high-strength base board to give better impact resistance, and reinforced with a glass fibre resin, providing the ultimate strength.

3rd Layer
The Eternalite finish provides extra rigidity and a thermal layer to ensure the water stays warmer for longer.

The Spa Shower Collection /

Discover more spa collections online at nuiebathrooms.com

Flexible and Individual

Our luxury shower collections are designed to give you flexibility, so you can utilise each individual product and fit them to suit your own personal use and bathroom design. The shower controls in each collection can also be fitted horizontally, vertically or even outside of the showering area.

How to Choose Your Collection

1. Pick Your Style

Choose from round or square designs.

2. Choose Your Number of Outlets

Choose from two or three shower outlet collections – this can be a mix of shower heads, slide rail kits and/or body jets.

3. Choose Your Function

- Run all your shower outlets simultaneously or individually as you choose, by using multiple stop tap controls.
- Operate each outlet one at a time by opting for a diverter control, to switch between each outlet.
- A separate thermostatic control adjusts water temperature.

4. Single or Double Spa Collections

Double up on your choice of collection, for a two person shower.

CE Approval /

All our radiators have been designed to provide a comfortable level of warmth needed for everyday indoor use, as well as being manufactured to conform to BS EN 442-1:2014, and all current European standards.

Our heating products have all been independently tested and we are delighted to present our collection of fully certified CE products that conform to all applicable standardized regulations.

Heating FAQs /

How much heat will I need?

All rooms are individual and therefore the heat output required from your selected radiator will vary. It is important that you choose the correct radiator to ensure that enough heat is generated to keep you comfortable. A sensible tip is to always choose a model with a higher heat output than you require, as this can always be controlled by turning them down.

What is the measurement for heat output?

All our radiators carry the heat output measured in either:

- BTUs (British Thermal Unit) or
- Watts

BTUs are shown with water temperature of 80°C at radiator inlet.

What heat output will I need for my room?

It is highly recommended that your installer calculates the BTU requirement for each applicable room, so you can get the maximum heat benefit from your chosen radiator. We strongly suggest this is done before purchasing your radiator.

What radiator designs offer the best heat output?

Basically, the bigger surface area that a radiator has, the more heat output will be generated. Another general guide is that painted finishes offer a slightly better heat output than chrome-finished items. To optimize the space you have available, we offer radiator designs that can be fitted horizontally or vertically. To get additional heat output from the same area, you can also choose options that include multiple rows of tubes, panels and columns.

Radiator colour options

From stock, we offer the most current fashionable colour options across a wide range of products. Please note that owing to the printing process, the actual colours on the radiators may vary slightly from those shown in our brochure.

Pipe centres

All our dimensional details are published in our current brochure and on our website. However, owing to manufacturing tolerances, we strongly suggest that your final pipework position is not completed until you actually receive delivery of your radiator.

Electric-only radiators

Where your installation location does not have immediate access to an existing water supply, we can offer purpose-made electric-only products for a quick and easy solution to your heating needs. These electric-only products are supplied pre-filled with an electrical inhibitor solution, and fitted with a compatible heating element.

Dual-fuel radiators

Some of our radiators can also work as dual-fuel applications, which means that when your main heating system might be turned off in the summer months, you can still operate your radiators electrically if required. Please consult your plumber before purchasing heating elements.

Radiator valves options

Depending on your choice of radiator, we have several styles to choose from, details of which can be found on the left hand page.

Warning / Precautions

Qualified persons should make all electrical and plumbing connections. When fitting radiators with heating elements, the radiator must always be mounted with the element at the bottom with the radiator in the upright position. Failure to do so may result in a fire hazard.

Traditional. For those with an eye for timeless elegance.

This is vintage design, created with a modern twist.
